FOR IMMEDIATE RELEASE:

MidSouth Donates to Museum of Arts and Sciences

Macon, GA (April 28, 2009) – MidSouth Federal Credit Union recently made a donation to the Museum of Arts and Sciences. For over 50 years the Museum has provided a variety of programs for children and adults. The Museum is home to numerous art exhibitions, a planetarium, a mini zoo, interactive exhibits, and a nature trail. According to the Museum, they seek to give visitors a spirit of inquiry, openness to new ideas, an understanding of the natural world, and a grasp of the human experience. The Museum is open for educational groups, child and adult workshops, and camps.
