Georgia credit union members may take advantage of auto loans

■ America's Credit Unions, along with General Motors and Chrysler Corporation, announced that the Invest in America credit union loan partnership has been expanded from the pilot states to all 50. This gives 90 million credit union members across the country, including those in Georgia, access to GM's Credit Union Member Discount Program and Chrysler's Credit Union Member Cash discounts, as well as access to affordable financing on new vehicle purchases.

The 175 credit unions in Georgia join the expanded Invest in America program, which now encompasses nearly 8,000 credit unions nationwide and makes available more than \$80 billion in credit union low-cost auto loans for new vehicle purchases.

The Invest in America programs will run initially through March 31 and offer GM supplier price discounts or Chrysler rebates of \$500 or \$1,000 on eligible vehicles.
